

Unlock deep liquidity, rapid onboarding, and seamless compliance — without the complexity.

Bakkt Brokerage: Simplifying U.S. Market Access for Global Brokers

Overcome Regulatory Barriers, Accelerate Growth

Bakkt Brokerage lowers the barriers to entry in the U.S. cryptocurrency market, delivering a turnkey solution that accelerates market entry and ensures operational efficiency.

Why Global Brokers Choose Bakkt

FAST, COMPLIANT MARKET ENTRY:

With Bakkt’s regulatory approvals across all 50 states — including an NYDFS BitLicense and Money Transmitter Licenses — brokers can bypass lengthy licensing processes and **get to market faster**.

STREAMLINED OPERATIONS:

API-powered KYC and onboarding **integrate smoothly with existing platforms**, enabling global brokers to start serving U.S.-based clients with minimal disruption.

DEEP, RELIABLE LIQUIDITY:

Aggregated liquidity from diverse sources ensures competitive pricing and **seamless 24/7/365 trading**, with no need to manage multiple provider relationships.

LOW COSTS FROM HIGH PERFORMANCE:

Supported by the world’s leading trade matching technology, enabling **tighter spreads, reduced slippage, and lower fees**.

Why Global Brokers Trust Bakkt

U.S.-REGULATED, PUBLICLY TRADED

Subject to **regular audits and strict financial, compliance, security, risk, and governance policies**, Bakkt is built for institutional confidence.

ROBUST SECURITY:

With SOC 1 Type 2 and SOC 2 Type 2 certifications and annual penetration testing, Bakkt meets **the highest standards of safety and security**.

RESPONSIBLE CUSTODY:

As the custodian of record, Bakkt ensures **institutional-grade asset protection**, supported by a network of industry-leading sub-custodians.

API-Powered Integration

Bakkt’s comprehensive API suite serves as the backbone of our brokerage offering.

Leverage our APIs for:

- ✓ Rapid, universal integration
- ✓ Streamlined KYC/AML and onboarding
- ✓ Out-of-the-box compatibility with brokerage technology platforms
- ✓ Easy white-labeling capabilities
- ✓ Swift onramps and offramps

public

“We were excited to bring crypto trading to our customers, but knew we had to partner with the right provider to deliver the best experience. Bakkt’s APIs, deep liquidity network, and licenses to operate in all 50 states ensured we could provide our customers the opportunity to access crypto trading.”

— Stephen Sikes, COO of Public
